4.4.2 - There are established systems and procedures for maintaining and utilizing physical, academic and support facilities - laboratory, library, sports complex, computers, classrooms etc.

The institution has established systematic procedures for the maintenance and optimal utilization of physical, academic, and support facilities to ensure a conducive learning environment.

Physical Facilities:
The college ensures regular upkeep of infrastructure through periodic inspections and maintenance schedules. It has a well-maintained playground for sports and outdoor activities. The campus includes clean and hygienic washrooms, a common room for students, and a dedicated records room for secure documentation. Facilities such as lifts, ramps, and separate washrooms for differently-abled individuals ensure accessibility and inclusivity.

Academic Facilities:
The institution is equipped with ICT-enabled classrooms that support modern teaching-learning practices. It has well-developed computer and language laboratories to enhance students' technical and communication skills. As the college offers programs in Commerce and Management, laboratory facilities are not applicable.

Library Facilities:
The college has a well-equipped library with adequate books, journals, and digital resources. Proper cataloguing and issue-return systems are followed to ensure efficient utilization.

Maintenance and Utilization System:
Regular monitoring, timely repairs, and proper record maintenance ensure the longevity and effective use of all facilities. Usage registers and schedules are maintained for transparency and accountability.
