5.4.1 - There is a Registered Alumni Association that Contributes Significantly to the Development of the Institution through Financial and/or Other Support Services

Declaration

This is to certify that during the Academic Year 2023–24, **Metas Adventist College, Surat** did not have a formally registered Alumni Association.

However, the institution maintained regular contact and engagement with its alumni through informal alumni networks and institutional communication channels. Alumni continued to support the institution by participating in student interaction sessions, career guidance programs, mentoring activities, guest lectures, internship support, industrial visits, and placement-related initiatives.

The institution recognizes the valuable contribution of its alumni towards academic enrichment, professional development, and institutional growth. Alumni have shared their expertise, experiences, and professional insights with students, thereby contributing to their career preparedness and overall development.

The institution is committed to strengthening alumni engagement and is taking necessary steps towards establishing a formally registered Alumni Association to facilitate more structured and sustained participation of alumni in the developmental activities of the institution.

Therefore, during the Academic Year 2023–24, the institution did not have a registered Alumni Association; however, alumni engagement and support were maintained through informal mechanisms for the benefit of students and the institution.
