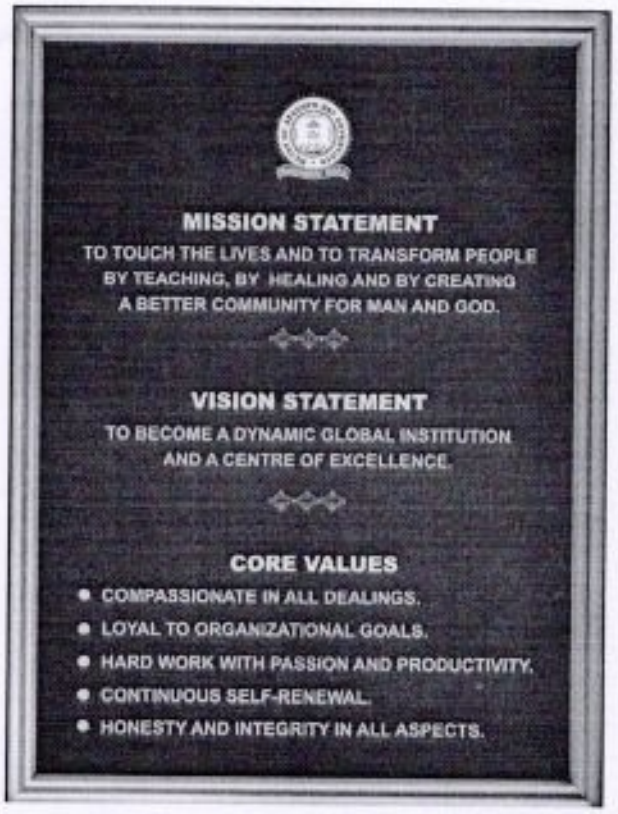
6.1.1 - The governance of the institution is reflective of and in tune with the vision and mission of the institution


The governance of the college is based on a participative, transparent, and value-driven system that ensures effective administration and institutional development. The college functions under the guidance of the Governing Body/Management, Principal, IQAC, academic committees, and department heads/managers to ensure smooth functioning in academic and administrative matters. Governance is aligned with the institution's mission of transforming lives through teaching, healing, and community service, while striving toward excellence in education. Decision-making follows established policies, stakeholder participation, accountability, and continuous quality improvement. Faculty, students, and administrative staff contribute through various committees and representative bodies, promoting inclusiveness, ethical practices, integrity, and institutional effectiveness.
